

Dear Mike's Copy Customer:

After 30 years of serving Southern Oregon, Mike will be retiring the end of this year. I am most grateful for your business and our relationship over these many years. I want to assure you that you will not be left hanging, wondering what to do about your printing. I have contacted several printers in the area and have found one that has exceptional values and service ethics. As of September 5, Mike's Copy will be merging with Minuteman Press at 722 Rossanley Drive in Medford. By combining the best people and equipment, I am convinced you will receive better products and service. Some of my employees will be moving to Minuteman, and I will be there assisting. You will notice that the mikescopy.net website will forward you to the new Minuteman website, where you will see more options than Mikes had, such as promotional products and branded apparel. Dave and Sean at Minuteman Press are anxious to meet you and serve you. In most cases they will be able to deliver all of your printing at no additional charge! They will have all computer files and logos from Mike's Copy to help you carry on seamlessly. I recommend that you try their service, and feel you will not be disappointed. Should you decide to use someone else for your printing needs, for a \$20 fee, we will purchase a thumb drive and transfer all of your files so that you may come pick it up at Minuteman Press. You may still use our email mail@mikescopy.net to submit orders or ask questions. Or use orderdesk@mmpmedford.com. You may call [541-776-7966](tel:541-776-7966), or for a time, the Mike's number 541-779-5473 will transfer to Minuteman.

Your final statement will arrive the first week of September, and I would appreciate payment within 10 days, which can still be mailed to 924 S. Central Ave.

Thank you

Mike Laughman
